The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Jeffery Baker  
C/O Robert Frank Land Surveying  
1923 Maybank Hwy  
Charleston, SC 29412

**LOCATION:** On and adjacent to Big Bay Creek at 8791 Palmetto Road, Edisto Island, Colleton County, South Carolina. TMS#: 360-00-00-185.

**WORK:** The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 358' walkway leading to a 5' by 10' fixed pierhead, both with handrails. The applicant also proposes to install a 8' by 8' single-pile boatlift on the floodstream side of the proposed pierhead. The work as described is for the applicant's private recreational use. **A previous permit, P/N OCRM-99-456-G, gave approval for a 150' walkway along with the proposed attachments, with a termination point being the first, smaller tributary.**

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.
